

Season 2005-06
Issue 1
11 September 2005

*If the training is easy
the match will be hard,
but if the training is
hard the match will be
easy.*

Summary

Well, it is the beginning of a new season and the match results are already coming in!

We hope you find the new fixture lists useful. They give you all the dates for the whole season, including league matches, club, Surrey and ACDBL junior tournaments.

In action this week were our U14 boys' A and B teams and both U16 mixed teams.

The U16 full strength mixed A team defeated the B team by 120-41, while the U14 boys' A team defeated the B team by 113-65.

Club Handicap Tournament

Please remember to enter the club handicap tournament (on 24 September for singles and 1 October for doubles) by Saturday 17 September at the latest. You need to arrange your own partner for this one which will probably mean a few telephone calls if you did not arrange it at the session on Saturday. Christine Meades and Cliff Buffham can help out with putting people in touch with one another if that is required. Just call us if you need help.

Remember, this tournament is handicapped so every one will have a chance to win (the better players will have a tough time winning) and we want you all to enter. There is no other Swifts club session on those weekends (except for matches) so there is no reason not to enter. Let's have a solid turn-out in the singles too! This is a great opportunity to give singles a try. The age groups are U10 (doubles on both weekends—no singles), U13, U15 and U18. There will also be a section for this season's beginners.

And a message to you strong players—this tournament will present you with a real challenge because of the handicapping, so you'll need to be at your very, very best to win this one! We hope all the club's best players will support the tournament so that the others can have a crack at them.

If you wish you can enter by email to Cliff Buffham, giving your name, your partner's name and which dates (hopefully both) you can enter. There is no entry fee.
